Subject: 2010 Waste Reduction Awards Program (WRAP) Cycle Now Open!

CalRecycle Local Jurisdiction Interested Parties

Waste Reduction Awards Program (WRAP)
2010 Application cycle: April 15 - June 15, 2010

California businesses and nonprofits are encouraged to showcase their voluntary waste reduction, recycling, and resource conservation efforts by applying for recognition in the California Department of Resources Recycling and Recovery (CalRecycle) 2010 Waste Reduction Awards Program (WRAP). The WRAP program was established in 1993 and honors California businesses and nonprofit organizations for innovation and leadership in waste prevention, recycling and composting, procurement, and education.

K-12 private schools, and businesses and private nonprofit organizations with California facilities are eligible to apply. Local, State, and federal government entities-for example, city and county agencies, K-12 public schools, State Universities, and military establishments are not eligible. Applicants must be in current compliance with all applicable solid waste regulatory programs. Previous applicants and winners are encouraged to apply.

WRAP applications will be accepted April 15, 2010 through June 15, 2010. The application is now available online at <http://www.calrecycle.ca.gov/wrap>. For more information, please call (916) 341-6199, or contact the WRAP Program Coordinator at wrap@calrecycle.ca.gov.

Treated Wood Waste

What is DTSC Doing to Protect the Environment from Treated Wood Waste?

Assembly Bill 1353 (2004, Matthews) added Sections 25150.7 and 25150.8 to the Health and Safety Code. This law requires DTSC to adopt regulations specifying alternative management standards for treated wood waste.

Implementing Regulations on Treated Wood Waste

→ [Final Regulations 7-21-08](#)

→ [Status Update 9-17-07](#)

→ [Regulatory Background](#)

→ **Treated Wood Waste Tracking System (TWWTS)**

All Treated Wood Waste (TWW) facilities or TWW landfills shall report to DTSC by July 30 and January 30 the amount of TWW received. The online system is now available. Contact [Xiaoying Zhou](#) at (916) 323-3527 for any questions on TWWTS

→ [Treated Wood Waste Tracking System \(TWWTS\)](#)

→ [Treated Wood Waste Reports](#)

→ **Treated Wood Waste Handler Notification** All treated Wood Waste (TWW) handlers that generate more than 10,000 pounds in any calendar year shall obtain an identification Number and submit the notification within 30 days of exceeding the 10,000 pound limit. To obtain an identification Number, please call 1-800-618-6942. If you are directed to submit a form for a Permanent Identification Number, click below for the form.

→ [Treated Wood Waste Online Notification](#)

→ [Permanent Identification Number Form](#)

→ **Treated Wood Waste Training Materials**

Training on the Treated Wood Waste Alternative Management Standards regulations occurred in June and October 2007. The following are materials (slides and handouts) used for the training. DTSC also produced training videos that can be used as part of the training requirements.

→ [Training Slides & Handouts Part 1 & Part 2](#)

Subject: California E-Waste Updates: Implementing the Electronic Waste Recycling Act

CalRecycle Electronic Product Management ListServ

May 3, 2010

Dear Electronic Waste Stakeholder:

This electronic newsletter is an update on the implementation of California's Electronic Waste Recycling Act of 2003 and other electronic waste (e-waste) management developments in California.

=====

In this issue:

STAKEHOLDER WORKSHOPS ON NET COSTS AND PAYMENT RATES

NET COST REPORT NONCOMPLIANCE AND APPROVAL REVOCATIONS

=====

Stakeholder Workshops on Net Costs and Payment Rates

CalRecycle's electronic waste recycling program will be holding two stakeholder workshops in May to discuss net cost information and explore whether any changes are necessary in the covered electronic waste (CEW) recovery and recycling payment rates.

The first workshop will be held in conjunction with the regular monthly meeting of the Material Management and Local Assistance (MMLA) Program on Wednesday, May 12, 2010. The general MMLA meeting begins at 10:00 a.m., and the electronic waste program portion will begin at approximately 11:00 a.m. and will last until 1:30 p.m. It is anticipated that a web-based audio broadcast will be available, as well as a conference call connection.

The second workshop will be held on Tuesday, May 25th beginning at 9:00 a.m.

At the May 12th meeting, staff will provide an overview of recent trends in the CEW program and present preliminary data received from the most recent cycle of Net Cost Reports. Stakeholders will be given the opportunity to share information with staff.

Program expects to have any decisions regarding payment rate adjustments finalized and announced at the June 16th MMLA monthly meeting.

An agenda and presentation material will be posted on the CalRecycle Public Notice website closer to the meeting date. <http://www.calrecycle.ca.gov/Actions/Default.aspx>

Net Cost Report Noncompliance and Approval Revocations

All collectors and recyclers who had approved status in the covered electronic waste (CEW) recovery and recycling payment system in 2009 were required to submit Net Cost Reports covering their 2009 operations to CalRecycle on or before March 1, 2010. As of today, approximately 20 percent of approved participants have failed to submit a report. Most of those entities do not appear to have been active in the CEW payment system during 2009.

Failure to report is considered a prohibited activity that will result in approval revocation. Notifications will be transmitted within the next week.

A collector whose approval has been revoked may no longer act as a designated approved collector on behalf of a local government, nor manage source anonymous CEW. Approved recyclers are encouraged to determine the current status of

their client collectors by checking CalRecycle's website:
<http://www.calrecycle.ca.gov/Electronics/Act2003/Recovery/Approved/>

Resources:

Net Cost Reporting Information:
<http://www.calrecycle.ca.gov/Electronics/Act2003/Recovery/NetCost/>

CEW Payment System Regulations:

Thursday, June 3, 2010 San Diego, California

The California State Water Resources Control Board recently adopted the General Permit for Storm Water Discharges Associated with Construction and Land Disturbance Activities (Construction General Permit), a move that has significant implications for California property owners, developers, builders, lenders, and contractors.

Join us for a half-day workshop designed to prepare attendees for the impending July 1, 2010 compliance deadline. **Our presenters will share strategies to help you manage your risk and minimize the economic impact on your construction projects.**

This briefing will cover the following critical management issues:

- How does early filing (grandfathering before July 1, 2010) save money and reduce regulatory impacts?
- What do owners and developers need to do to comply?
- What are the new permit compliance costs?
- Who is legally qualified to prepare and submit documents under the new permit?
- Who is qualified to implement best management practices?

This briefing is sponsored by the Building Industry Association of San Diego County and is presented by:

- **Kelly Doyle, CPESC**
Environmental Specialist
Rick Engineering Company
- **Shaun Flater, CPSWQ, CPESC**
Environmental & Storm Water Division Manager
Whitson Contracting & Management, Inc.
- **Jayne Janda-Timba, PE, QSD, QSP**
Associate
Rick Engineering Company
- **S. Wayne Rosenbaum**
Partner

Subject: Re: FW: Join Us! Risky Business: The New Storm Water Construction General Per...

Good price.

This is part of that issue where construction permits may be applicable, in addition to the industrial permit. depending upon the activity

Too bad it is in San Diego. It might be relevant for the Imperial folks. I doubt if any others will go there.

Staci has more expertise on storm water than I do and maybe she wants to go.

Larry

Earth Resource Foundation is proud to partner with the California Resource Recovery Association Resource Management Certification program.

Classes offered throughout California - for details www.crra.com.

Chino - May 3rd & 4th

Santa Monica - June 3rd & 4th

Sacramento - August 8th & 11th

San Jose - October 14th & 15th

Who should attend? Everyone who is interested in advancing their company or agency towards Zero Waste, saving money and helping spur our economy.

INLAND EMPIRE - CHINO CLASSES

Mark your calendar to join CRRA on May 3-4, 2010 in the Inland Empire/Chino. CRRA will be providing a training series for individuals enrolled in the Resource Management Certification Program, as well as for those seeking additional training in the fields of Zero Waste, Recycling, Composting and Resource Management.

CLASSES OFFERED

Organics Management & Composting

Introduction to Zero Waste

Clean Business

Zero Waste Community Planning
