**ASSEMBLY BILL**

**No. 1147**

---

---

**Introduced by Assembly Member Salas**

February 17, 2017

---

---

An act to amend Sections 41953 and 41956 of, to amend and renumber Section 41952 of, and to add Section 41952 to, the Public Resources Code, relating to solid waste.

LEGISLATIVE COUNSEL'S DIGEST

AB 1147, as introduced, Salas. Solid waste: disposal.

The California Integrated Waste Management Act of 1989, administered by the Department of Resources Recycling and Recovery, generally regulates the disposal, management, and recycling of solid waste. The act prohibits a person, other than an authorized recycling agent, from removing specified materials that have been segregated from solid waste materials and placed at a designated recycling collection location for residential curbside collection programs authorized by a city, county, or local agency for the purposes of collection and recycling or at a designated recycling collection location by any commercial or industrial entity. Existing law provides that a violation of the segregated recycling laws may be charged as either a misdemeanor or an infraction, as specified. Existing law authorizes a court, in a civil action by a recycling agent against a person alleged to have violated these laws, to either allow treble damages or award a civil penalty, as specified, against the unauthorized person removing the recyclable material, and to allow treble damages or award a higher civil penalty, as specified, against a person for a second violation and subsequent violations.

This bill would subject an unauthorized person to these same penalties and damages for collecting, removing, or transporting solid waste generated by another person on residential, commercial, or industrial premises, except in compliance with applicable law, as specified. Because a violation of this provision may be charged as a crime, the bill would impose a state-mandated local program. The bill would expand civil enforcement to knowing participation in violations of these laws, and would require a court, if a plaintiff prevails in a civil action brought pursuant to these and related provisions, to award to the plaintiff reasonable attorney’s fees, expert witness fees, and costs incurred in the course of the litigation, except as specified.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
 State-mandated local program: yes.

*The people of the State of California do enact as follows:*

- 1 SECTION 1. Section 41952 of the Public Resources Code is
- 2 amended and renumbered to read:
- 3 41952.
- 4 41957. Nothing in this chapter limits the right of any person
- 5 to donate, sell, or otherwise dispose of his or her recyclable
- 6 materials.
- 7 SEC. 2. Section 41952 is added to the Public Resources Code,
- 8 to read:
- 9 41952. No person, other than a solid waste enterprise authorized
- 10 by a city, county, or other local governmental agency to handle
- 11 solid waste, shall collect, remove, or transport solid waste generated
- 12 by another person from residential, commercial, or industrial
- 13 premises, except in compliance with applicable law. For purposes
- 14 of this section, “applicable law” includes, but is not limited to, a
- 15 municipal ordinance regulating the handling of solid waste.
- 16 SEC. 3. Section 41953 of the Public Resources Code is
- 17 amended to read:
- 18 41953. (a) In any civil action by a recycling agent or a local
- 19 governmental agency against a person alleged to have violated

1 *violated, or to have knowingly participated in the violation of,*  
2 *Section 41950 or 41951, or by a local governmental agency or a*  
3 *solid waste enterprise against a person alleged to have violated,*  
4 *or to have knowingly participated in the violation of, Section*  
5 *41952, the court may either allow treble damages, as measured by*  
6 *the market value of the recyclable material removed, or award a*  
7 *civil penalty of not more than two thousand dollars (\$2,000),*  
8 *whichever is greater, for each unauthorized removal, against the*  
9 *unauthorized person removing the recyclable-material: material*  
10 *or solid waste.*

11 (b) In any civil action by a recycling-agent agent, solid waste  
12 enterprise, or local governmental agency against a person alleged  
13 to have-violated violated, or to have knowingly participated in the  
14 violation of, Section-41950 or 41951 41950, 41951, or 41952 for  
15 a second, or-subsequent time, subsequent, time in any 12-month  
16 period, the court may either allow treble damages, as measured by  
17 the market value of the recyclable material removed, or award a  
18 civil penalty of not more than five thousand dollars (\$5,000),  
19 whichever is greater, for each unauthorized removal against the  
20 unauthorized person removing the recyclable-material: material  
21 or solid waste.

22 (c) *If a plaintiff prevails in a civil action brought pursuant to*  
23 *this chapter, the court shall award to the plaintiff reasonable*  
24 *attorney's fees, expert witness fees, and costs incurred in the course*  
25 *of the litigation. This subdivision shall not apply to a civil action*  
26 *for a violation or knowing participation in a violation of Section*  
27 *41950, 41951, or 41952 in which the value of the stolen recyclable*  
28 *materials is fifty dollars (\$50) or less or no vehicle, as defined in*  
29 *Section 670 of the Vehicle Code, was used in connection with the*  
30 *removal of the materials.*

31 SEC. 4. Section 41956 of the Public Resources Code is  
32 amended to read:

33 41956. The-board department may award special enforcement  
34 grants to cities or counties to support pilot programs designed to  
35 develop and evaluate enforcement techniques to reduce the theft  
36 of recyclable materials from commercial, industrial, or other  
37 nonresidential establishments.

38 SEC. 5. No reimbursement is required by this act pursuant to  
39 Section 6 of Article XIII B of the California Constitution because  
40 the only costs that may be incurred by a local agency or school

1 district will be incurred because this act creates a new crime or  
2 infraction, eliminates a crime or infraction, or changes the penalty  
3 for a crime or infraction, within the meaning of Section 17556 of  
4 the Government Code, or changes the definition of a crime within  
5 the meaning of Section 6 of Article XIII B of the California  
6 Constitution.

O

AMENDED IN ASSEMBLY MAY 1, 2017

AMENDED IN ASSEMBLY APRIL 18, 2017

CALIFORNIA LEGISLATURE—2017–18 REGULAR SESSION

**ASSEMBLY BILL**

**No. 1288**

---

**Introduced by Assembly Member Eggman  
(Principal coauthor: Assembly Member McCarty)**

February 17, 2017

---

An act to amend Sections 42652.5, 48000, ~~48001~~, and 48004 of the Public Resources Code, relating to solid waste: ~~management: funding: waste.~~

LEGISLATIVE COUNSEL'S DIGEST

AB 1288, as amended, Eggman. Solid waste: ~~charges: management: funding.~~

(1) Existing law requires the State Air Resources Board, no later than January 1, 2018, to approve and begin implementing a comprehensive short-lived climate pollutant strategy to reduce statewide emissions of specified pollutants, including reducing methane emissions by 40% below 2013 levels by 2030. Existing law requires methane emissions reduction goals to include specified targets for reducing organic waste in landfills. Existing law requires the Department of Resources Recycling and Recovery, in consultation with the state board, to adopt regulations that achieve the specified targets for reducing organic waste in landfills.

This bill would require the department, in adopting those regulations, to conduct at least one public workshop to discuss funding strategies for new and expanded organic waste reduction infrastructure, including,

but not limited to, existing public and private funding models and opportunities for new statewide funding sources.

(2) The California Integrated Waste Management Act of 1989, which is administered by the Department of Resources Recycling and Recovery, generally regulates the management and recycling of solid waste. The act requires the operator of a disposal facility to pay to the State Board of Equalization a fee based on the amount of all solid waste disposed of at each disposal site. The act requires the department to establish the amount of the fee, as specified, and limits the fee to a maximum of \$1.40 per ton. Existing law requires the moneys collected from the fee to be deposited in the Integrated Waste Management Account and requires the moneys in the account to be used by the department, upon appropriation, for specified purposes, including, among others, the administration and implementation of the act.

This bill would require the department to use the moneys in the account also to maintain a prudent reserve for the administration and implementation of the act. ~~The bill would require the department and the state board to ensure that fees for solid waste disposal, including, but not limited to, fees on solid waste that is exported for disposal, are remitted to the state board in accordance with the financial provisions of the act.~~ The bill would also make nonsubstantive changes.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: no.

*The people of the State of California do enact as follows:*

- 1 SECTION 1. Section 42652.5 of the Public Resources Code
- 2 is amended to read:
- 3 42652.5. (a) The department, in consultation with the State
- 4 Air Resources Board, shall adopt regulations to achieve the organic
- 5 waste reduction goals for 2020 and 2025 established in Section
- 6 39730.6 of the Health and Safety Code. The regulations shall
- 7 comply with all of the following:
- 8 (1) May require local jurisdictions to impose requirements on
- 9 generators or other relevant entities within their jurisdiction and
- 10 may authorize local jurisdictions to impose penalties on generators
- 11 for noncompliance.
- 12 (2) Shall include requirements intended to meet the goal that
- 13 not less than 20 percent of edible food that is currently disposed
- 14 of is recovered for human consumption by 2025.

1 (3) Shall not establish a numeric organic waste disposal limit  
2 for individual landfills.

3 (4) May include different levels of requirements for local  
4 jurisdictions and phased timelines based upon their progress in  
5 meeting the organic waste reduction goals for 2020 and 2025  
6 established in Section 39730.6 of the Health and Safety Code. The  
7 department shall base its determination of progress on relevant  
8 factors, including, but not limited to, reviews conducted pursuant  
9 to Section 41825, the amount of organic waste disposed compared  
10 to the 2014 level, per capita disposal rates, the review required by  
11 Section 42653, and other relevant information provided by a  
12 jurisdiction.

13 (5) May include penalties to be imposed by the department for  
14 noncompliance. If penalties are included, they shall not exceed  
15 the amount authorized pursuant to Section 41850.

16 (6) Shall take effect on or after January 1, 2022, except the  
17 imposition of penalties pursuant to paragraph (1) shall not take  
18 effect until two years after the effective date of the regulations.

19 (b) A local jurisdiction may charge and collect fees to recover  
20 the local jurisdiction's costs incurred in complying with the  
21 regulations adopted pursuant to this section.

22 (c) In adopting the regulations pursuant to subdivision (a), the  
23 department shall conduct at least one public workshop to discuss  
24 funding strategies for new and expanded organic waste reduction  
25 infrastructure, including, but not limited to, existing public and  
26 private funding models and opportunities for new statewide funding  
27 sources.

28 SEC. 2. Section 48000 of the Public Resources Code is  
29 amended to read:

30 48000. (a) Each operator of a disposal facility shall pay a fee  
31 quarterly to the state board that is based on the amount, by weight  
32 or volumetric equivalent, as determined by the department, of all  
33 solid waste disposed of at each disposal site.

34 (b) (1) The fee for solid waste disposed of shall be one dollar  
35 and thirty-four cents (\$1.34) per ton. Commencing with the  
36 1995-96 fiscal year, the amount of the fee shall be established by  
37 the department at an amount that is sufficient to generate revenues  
38 equivalent to the approved budget for that fiscal year, including a  
39 prudent reserve, but shall not exceed one dollar and forty cents  
40 (\$1.40) per ton.

1 (2) On and after July 1, 2012, the amount of the fee established  
2 by the department pursuant to paragraph (1) shall be increased by  
3 twelve cents (\$0.12) per ton for each operator of a solid waste  
4 landfill whose owner has notified the department that it elects to  
5 participate in the State Solid Waste Postclosure and Corrective  
6 Action Trust Fund pursuant to Article 2.1 (commencing with  
7 Section 48010).

8 (c) The department shall notify the state board on the first day  
9 of the period in which the rate shall take effect of any rate change  
10 adopted pursuant to paragraphs (1) and (2) of subdivision (b).

11 (d) The department and the state board shall ensure that all of  
12 the fees for solid waste imposed pursuant to this section that are  
13 collected at a transfer station are paid to the state board in  
14 accordance with this article.

15 (e) (1) The fee imposed by paragraph (2) of subdivision (b)  
16 shall not be operative on or after July 1, 2012, unless the  
17 department receives, on or before January 1, 2012, letters of  
18 participation in the State Solid Waste Postclosure and Corrective  
19 Action Trust Fund from landfill owners representing at least 50  
20 percent of the total volume of waste disposed of in 2010.

21 (2) The department shall notify the state board, on or before  
22 February 29, 2012, if the fee imposed by paragraph (2) of  
23 subdivision (b) shall become operative pursuant to paragraph (1).

24 ~~SEC. 3. Section 48001 of the Public Resources Code is~~  
25 ~~amended to read:~~

26 ~~48001. (a) The revenue from the fees paid pursuant to~~  
27 ~~paragraph (1) of subdivision (b) of Section 48000 shall, after~~  
28 ~~payment of refunds and administrative costs of collection, be~~  
29 ~~deposited in the Integrated Waste Management Account, which~~  
30 ~~is hereby created in the fund.~~

31 ~~(b) The department and the state board shall ensure that all of~~  
32 ~~the fees for solid waste disposal imposed pursuant to this chapter,~~  
33 ~~including, but not limited to, fees on solid waste that is exported~~  
34 ~~for disposal, are remitted to the state board in accordance with this~~  
35 ~~article.~~

36 ~~SEC. 4.~~

37 ~~SEC. 3. Section 48004 of the Public Resources Code is~~  
38 ~~amended to read:~~

1 48004. (a) The money in the account shall be used by the  
2 department, upon appropriation by the Legislature, for the  
3 following purposes:

4 (1) The administration and implementation of this division by  
5 the department, including a prudent reserve.

6 (2) The state water board's and regional water boards'  
7 administration and implementation of Division 7 (commencing  
8 with Section 13000) of the Water Code at solid waste disposal  
9 sites.

10 (b) It is the intent of the Legislature that an amount that is  
11 sufficient to fund state water board and regional water board  
12 regulatory activities for solid waste landfills be appropriated from  
13 the account by the Legislature in the annual Budget Act. Those  
14 persons who are required to pay the fee imposed pursuant to  
15 Section 48000 shall not be required to pay the annual fee imposed  
16 pursuant to subdivision (d) of Section 13260 of the Water Code  
17 with regard to the same discharge if the requirements for the waiver  
18 of that fee set forth in paragraph (3) of subdivision (d) of Section  
19 13260 of the Water Code are met.

20 (c) Notwithstanding subdivisions (a) and (b), if the fee  
21 established pursuant to Section 48000 does not generate revenues  
22 sufficient to fund the programs specified in this section or if the  
23 amount appropriated by the Legislature for these purposes is  
24 reduced, those reductions shall be equally and proportionally  
25 distributed between funding for the solid waste programs of the  
26 state water board and the regional water boards and the department.

O

Concepts for AB 1288

Revenue:

- IWMA Tip Fee surcharge to increase from \$1.40 to \$3.50, to go into effect 6 months after passage of the bill.
- CalRecycle to develop regulations to assess a "State Waste Management Fee" on individual generators, to go into effect 18 months after the passage of the bill.
  - The fee will be directly on households and business generators, but is to be collected by local governments and waste haulers, for the Board of Equalization, as a separate line item on solid waste bills
  - The fee will be the same for all households with garbage bins up to 64 gallons/week.
  - For households with more than 64 gallons of weekly trash service, as well as all commercial generators, the fee will be applied at the same rate per 64-gallon-equivalent. (i.e. a business or household with 96 gallons of service/week shall be charged 1.5 times the "per household" fee)
  - CalRecycle shall establish the fee at an amount sufficient to generate, in combination with the IWMA Tip Fee surcharge increase above, a total of \$170 million / year (see breakdown below).
  - The fee shall not exceed \$0.20/month per household, either when originally set or when adjusted.
- The per household "State Waste Management Fee" fee will be adjusted annually to maintain a consistent amount of revenue to the department regardless of the revenue from the tip fee.

Hypothetical: \$0.10 per household/month

Use of Revenue (once fully funded):

- CalRecycle will develop an Organic Infrastructure Market Development Payment program that will fund the processing of organics with guaranteed payments per ton of organic material recycled.
  - The funding level will be established at a set amount per ton for a period of 3-5 years. (A range may be used to account for uncertain demand, but must include a floor to support longterm investment decisions.)
  - In setting the funding level for each next 3-5 year cycle, funding levels may be set at differential level for different regions to insure that each region approximately benefits proportionally to the waste that it generates.
- Neither landfills or composting facilities will be subject to SWRCB WDR facility fees.

**Funding Needs**

Organics Infrastructure Market Development Payments	\$100 million
CalRecycle Operating Expenses	\$60 million
SWRCB WDR Expenses	\$10 million
<b>Total</b>	<b>\$170 million</b>

The amount of the State Waste Management Fee would fluctuate based on the difference between the revenue generated from the IWMA Tip Fee and total need (assumed to be \$170 million). The chart below is based on hypothetical fluctuations in disposal, with the IWMA Tip Fee increasing in 2018 and the State Waste Management Fee kicking in 2019.

AMENDED IN ASSEMBLY JUNE 12, 2017

SENATE BILL

No. 102

---

Introduced by Committee on Budget and Fiscal Review

January 11, 2017

---

~~An act relating to the Budget Act of 2017. An act to add Section 14678.7 to the Government Code, and to amend Sections 14509.4, 14549.2, 14571.6, 14581, and 14585 of, and to add and repeal Section 14575.2 of, the Public Resources Code, relating to resources, and making an appropriation therefor, to take effect immediately, bill related to the budget.~~

LEGISLATIVE COUNSEL'S DIGEST

SB 102, as amended, Committee on Budget and Fiscal Review. ~~Budget Act of 2017. California Beverage Container Recycling and Litter Reduction Act: state property.~~

(1) Existing law generally authorizes the Director of General Services, with the consent of the agency concerned, to let any real property owned by the state for a period not to exceed 5 years. Existing law authorizes the Department of General Services to acquire real property to operate and maintain motor vehicle parking facilities, as specified. Existing law authorizes the department to enter into arrangements with other public and state agencies for joint use of these parking facilities, as specified. Existing law requires the department to deposit revenues received from parking fees at motor vehicle parking facilities owned by the department or other state agencies in the General Fund for expenditure by the department for the construction, operation, and maintenance of motor vehicle parking facilities under the jurisdiction of the department or any other state agency, and thereby creates a continuously appropriated fund.

*This bill would authorize the department to enter into one or more leases, as lessor or lessee, and other related agreements with the Capitol Area Development Authority (CADA) under which CADA will be responsible for developing a parking structure and retail space that is located on specified property located in the City of Sacramento. The bill would require the R Street parking structure project to comply with specified requirements. The bill would authorize CADA to enter into a financing arrangement for the development, design, and construction of the R Street parking structure project through the California Infrastructure and Economic Development Bank, subject to specified requirements. The bill would authorize the department to charge state employees and the general public for use of the structure. The bill would require the department to deposit parking revenues into the Motor Vehicle Parking Facilities Money Account. By depositing additional revenue into a continuously appropriated fund, this bill would make an appropriation. The bill would provide that funds deposited into the Motor Vehicle Parking Facilities Money Account are available, upon appropriation by the Legislature, to the department to make specified lease payments, and then to be used consistent with the purposes of the Motor Vehicle Parking Facilities Money Account.*

*(2) The California Beverage Container Recycling and Litter Reduction Act requires dealers within a convenience zone where no recycling location has been established to submit an affidavit to the Department of Resources Recycling and Recovery stating that the dealer has met specified standards for redemption, including, among others, that the dealer is redeeming all empty beverage container types at all open cash registers or at one designated location on the dealer's premises, during all hours that the dealer is open for business. If the dealer does not submit that affidavit, existing law requires the dealer to pay \$100 per day to the department, for deposit in the California Beverage Container Recycling Fund, until a recycling location is established or until the dealer meets the standards for redemption specified in the affidavit provision.*

*This bill would change the requirements imposed on a dealer who chooses not to pay, to require the dealer to redeem up to 24 empty beverage containers per consumer per day and to require the dealer to redeem those containers at a minimum of one designated location. The bill would apply these convenience zone redemption duties only to dealers with gross annual sales of \$2,000,000 or more.*

(3) Under the act, the department is required to calculate a processing fee for each beverage container with a specified scrap value, which is required to be paid by beverage manufacturers for each beverage container sold or transferred to a distributor or dealer. The department is required to calculate the processing fee in a specified manner, so that the actual processing fee generally equals 65% of the processing payment that the department is required to pay to processors if the scrap value of the container having a refund value pursuant to the act is less than the cost of recycling. The department is required to determine the statewide weighted average cost to recycle each beverage container type by conducting a survey, as specified. The department is required to establish a processing fee account in the continuously appropriated California Beverage Container Recycling Fund for each material type and to deposit processing fees and other amounts in the applicable account.

This bill would, for purposes of calculating processing payments on and after July 1, 2017, require the department, until January 1, 2020, to use the actual cost of recycling that was in effect on December 30, 2015, to calculate processing fees. The bill would make an appropriation by changing the terms and conditions under which the department is authorized to make payments from a continuously appropriated fund. The bill would provide that the processing fees shall not be higher than they would be absent these new provisions. The bill would require the department to suspend any surveys and calculations of recycling costs until January 1, 2019, and would authorize the department to redirect any contract funds approved as of the effective date of the bill for cost surveys and calculations to provide for a specified assessment and to utilize any contract funds available as of the effective date of the bill for the development of amendments to be recommended to the Legislature regarding specified provisions of the act.

(4) The act continuously appropriates to the department the amount necessary to pay handling fees to certain types of recyclers to provide an incentive for the redemption of empty beverage containers in convenience zones. The act also continuously appropriates moneys in the fund to the department for expenditure for various purposes relating to beverage container recycling, including, until January 1, 2018, market development payments for empty plastic beverage containers.

The bill would authorize the department to offer a handling fee payment to certain certified recyclers within unserved convenience zones. The bill would make an appropriation by changing the terms

and conditions under which the department is authorized to make payments from a continuously appropriated fund. The bill, until July 1, 2020, would require the handling fee to be set at the rate in effect on July 1, 2015. The bill would authorize the department, until July 1, 2020, to annually expend money from the fund for specified supplemental handling fee payments to low-volume recycling centers, and would extend the authority for market development payments for empty plastic beverage containers until January 1, 2019. By authorizing the expenditure of a continuously appropriated fund for a new purpose and by extending the term of a continuous appropriation, this bill would make an appropriation.

(5) Existing law requires the department to annually designate convenience zones and requires that at least one certified recycling center that meets certain requirements be located within every convenience zone, with exemptions. Existing law prohibits the department from making handling fee payments to more than one certified recycling center within a convenience zone. Existing law defines convenience zone as either the area within a ½ mile radius of a supermarket or the area designated by the department.

This bill would redefine convenience zone to mean the area within a one-mile radius of a supermarket or the area designated by the department. The bill would provide that certain recycling centers that received a handling fee for a specified reporting period that would be affected by the larger convenience zone will continue to be eligible to receive handling fee payments.

(6) This bill would declare that it is to take effect immediately as a bill providing for appropriations related to the Budget Bill.

~~This bill would express the intent of the Legislature to enact statutory changes relating to the Budget Act of 2017.~~

Vote: majority. Appropriation: ~~no~~ yes. Fiscal committee: ~~no~~ yes. State-mandated local program: no.

*The people of the State of California do enact as follows:*

- 1 SECTION 1. (a) The Legislature finds and declares all of the
- 2 following:
- 3 (1) Recycling is critical to reducing the amount of materials
- 4 sent to landfills and reducing the amount of virgin materials
- 5 necessary to produce new products.

1     (2) *The state's beverage container recycling program, the*  
2 *California Beverage Container Recycling and Litter Reduction*  
3 *Act (the act), has achieved significant success over the decades*  
4 *since it was enacted, including a recycling rate as high as 85*  
5 *percent in 2012–13.*

6     (3) *However, that success has experienced recent challenges,*  
7 *including a fall in scrap prices by as much as 50 percent since*  
8 *2013, reducing scrap revenue for California's recycling*  
9 *infrastructure by more than \$60 million annually.*

10    (4) *Provisions of the act provide that processing payments shall*  
11 *be established to cover the average net cost of recycling whenever*  
12 *the scrap value is insufficient to do so in order to "maintain a*  
13 *marketplace where it is profitable to establish sufficient recycling*  
14 *centers and locations to provide consumers with convenient*  
15 *recycling opportunities."*

16    (5) *Beginning in January 2016, a series of reductions in the*  
17 *cost basis for state recycling payments have cost public and private*  
18 *recyclers as much as \$30 million, undermining this legislative*  
19 *intent and the financial viability of California's recycling*  
20 *infrastructure.*

21    (6) *The Department of Resources Recycling and Recovery*  
22 *(CalRecycle) has reported that more than 560 recycling*  
23 *centers—25 percent of those that were operating in 2015—have*  
24 *closed, along with 17 percent of certified processors.*

25    (7) *In May 2016 and April 2017 reports to the Legislature, the*  
26 *Legislative Analyst's Office concluded that declining scrap prices*  
27 *and program underpayments are the cause of the massive closure*  
28 *of recycling centers.*

29    (8) *CalRecycle has reported that beverage container recycling*  
30 *rates in 2016 fell below 80 percent for the first time since 2008.*  
31 *Rates for the last six months of 2016—when the full impact of*  
32 *center closures hit—was a full 3 percentage points lower than the*  
33 *same period in 2015. Despite increased sales, 1.6 million fewer*  
34 *containers per day were recycled during the last six months of*  
35 *2016, compared to the same period in 2015.*

36    (9) *Paragraph (2) of subdivision (a) of Section 14580 of the*  
37 *Public Resources Code authorizes the department to maintain "a*  
38 *reserve for contingencies, which shall not be greater than an*  
39 *amount equal to 5 percent of the total amount paid to processors*  
40 *pursuant to Section 14573 [of the Public Resources Code] during*

1 *the preceding calendar year.” The latest quarterly report to the*  
2 *Legislature indicates that the projected balance in the California*  
3 *Beverage Container Recycling Fund on July 1, 2017, will be*  
4 *greater than 18 percent of the amount paid to processors in 2016.*

5 *(b) It is the intent of the Legislature to provide a limited-scope*  
6 *temporary measure to maintain California’s recycling success by*  
7 *supporting the infrastructure and preserving customer access to*  
8 *recycling using existing funds in excess of those required for a*  
9 *reserve pursuant to Section 14580 of the Public Resources Code.*

10 *(c) It is the intent of the Legislature that the department work*  
11 *with all stakeholders to develop recommendations to the*  
12 *Legislature for updating the act, as necessary.*

13 *SEC. 2. Section 14678.7 is added to the Government Code, to*  
14 *read:*

15 *14678.7. (a) For purposes of this section:*

16 *(1) “8th and 9th Street property” means property that the*  
17 *department is authorized to acquire, in partnership with CADA,*  
18 *pursuant to Item 7760-301-0666 of Section 2.00 the Budget Act*  
19 *of 2017.*

20 *(2) “CADA” means the Capitol Area Development Authority.*

21 *(3) “IBank” means the California Infrastructure and Economic*  
22 *Development Bank.*

23 *(4) “R Street property” means state-owned property located at*  
24 *805 R Street (APN 006-0266-014) in the City of Sacramento.*

25 *(5) “R Street parking structure project” means the project*  
26 *authorized by this section for the design and construction of a*  
27 *parking structure and retail space for the purpose of allowing the*  
28 *development of a parking structure for state employees and the*  
29 *general public as well as to compliment local efforts to increase*  
30 *evening and weekend visitation in downtown Sacramento.*

31 *(b) Notwithstanding Section 14670, the department may enter*  
32 *into one or more leases, as lessor or lessee, and other related*  
33 *agreements with CADA under which CADA will be responsible*  
34 *for developing a parking structure with approximately 800 parking*  
35 *spaces and retail space that is located on the R Street property*  
36 *and the 8th and 9th Street property, subject to the following*  
37 *requirements:*

38 *(1) CADA shall demolish any improvements currently located*  
39 *on the R Street property.*

1 (2) *The total State costs for the R Street parking structure*  
2 *project, excluding any financing costs, shall not exceed thirty*  
3 *million dollars (\$30,000,000).*

4 (3) *The Department of Finance shall approve the terms of any*  
5 *lease and related agreements entered into pursuant to this section*  
6 *related to the R Street parking structure project.*

7 (4) *The amount of any lease payments that the department makes*  
8 *to CADA pursuant to this section shall be commensurate with*  
9 *CADA's costs of development and financing of the R Street parking*  
10 *structure project.*

11 (5) *The director shall notify the chairperson of the committee*  
12 *in each house that considers appropriations and the Chairperson*  
13 *of the Joint Legislative Budget Committee, or his or her designee,*  
14 *in writing of the director's intention to enter into the leases or*  
15 *agreements authorized by this section no later than 30 days before*  
16 *entering into the leases or agreements, or not sooner than any*  
17 *lesser time as the Chairperson of the Joint Legislative Budget*  
18 *Committee, or his or her designee, may determine.*

19 (c) *After having secured the necessary leasing and contractual*  
20 *arrangements with the department for development, financing,*  
21 *and operations, CADA may enter into a financing arrangement*  
22 *for the development, design, and construction of the R Street*  
23 *parking structure project through the IBank utilizing the IBank's*  
24 *Infrastructure State Revolving Fund Program, subject to the*  
25 *following requirements:*

26 (1) *The project shall be subject to all requirements of the*  
27 *Bergeson-Peace Infrastructure and Economic Development Bank*  
28 *Act (Division 1 (commencing with Section 63000) of Title 6.7) and*  
29 *the Criteria, Priorities and Guidelines established by IBank.*

30 (2) *The repayment terms of the financing arrangement shall not*  
31 *exceed 30 years. Upon full repayment of any financial arrangement*  
32 *entered into pursuant to this subdivision, any lease entered into*  
33 *between the department and CADA shall cease and title to the R*  
34 *Street parking structure shall vest in the state.*

35 (d) *Upon completion of the R Street parking structure, the*  
36 *department may charge state employees and the general public*  
37 *for use of the parking structure. The department shall deposit all*  
38 *revenues generated from the R Street parking structure into the*  
39 *Motor Vehicle Parking Facilities Money Account. Notwithstanding*  
40 *Section 14678, all funds deposited into the Motor Vehicle Parking*

1 *Facilities Money Account are available, upon appropriation by*  
2 *the Legislature, to the department to be used, until any financing*  
3 *arrangement entered into pursuant to subdivision (c) is repaid in*  
4 *full, to make lease payments to CADA, and, after that event, to the*  
5 *department to be used consistent with the Motor Vehicle Parking*  
6 *Facilities Money Account and Section 14678.*

7 *SEC. 3. Section 14509.4 of the Public Resources Code is*  
8 *amended to read:*

9 14509.4. "Convenience zone" means either of the following:  
10 (a) The area within ~~a one-half~~ a one mile radius of a  
11 supermarket.

12 (b) The area designated by the department pursuant to Section  
13 14571.5.

14 *SEC. 4. Section 14549.2 of the Public Resources Code is*  
15 *amended to read:*

16 14549.2. (a) For purposes of this section, the following  
17 definitions shall apply:

18 (1) "Certified entity" means a recycling center, processor, or  
19 dropoff or collection program certified pursuant to this division.

20 (2) "Product manufacturer" means a person who manufactures  
21 a plastic product in this state.

22 (b) In order to develop California markets for empty plastic  
23 beverage containers collected for recycling in the state, the  
24 department may, consistent with Section 14581 and subject to the  
25 availability of funds, pay a market development payment to a  
26 certified entity or product manufacturer for empty plastic beverage  
27 containers collected and managed pursuant to this section.

28 (c) The department shall make a market development payment  
29 to a certified entity or product manufacturer in accordance with  
30 this section, only if the plastic beverage container is collected and  
31 either recycled or used in manufacturing, in the state, as follows:

32 (1) The department shall make a market development payment  
33 to a certified entity for empty plastic beverage containers that are  
34 collected for recycling in the state, that are subsequently washed  
35 and processed by a certified entity into a flake, pellet, or other  
36 form in the state, and made usable for the manufacture of a plastic  
37 product by a product manufacturer.

38 (2) The department shall make a market development payment  
39 to a product manufacturer for empty plastic beverage containers  
40 that are collected for recycling in the state, that are subsequently

1 washed and processed into a flake, pellet, or other form in the state,  
2 and used by that product manufacturer to manufacture a product  
3 in this state.

4 (3) The department shall determine the amount of the market  
5 development payment, which may be set at a different level for a  
6 certified entity and a product manufacturer, but shall not exceed  
7 one hundred fifty dollars (\$150) per ton. In setting the amount of  
8 the market development payment for both certified entities and  
9 product manufacturers, the department shall consider all of the  
10 following:

11 (A) The minimum funding level needed to encourage the in-state  
12 washing and processing of empty plastic beverage containers  
13 collected for recycling in this state.

14 (B) The minimum funding level needed to encourage the in-state  
15 manufacturing that utilizes empty plastic beverage containers  
16 collected for recycling in this state.

17 (C) The total amount of funds projected to be available for  
18 plastic market development payments and the desire to maintain  
19 the minimum funding level needed throughout the year.

20 (4) The department may make a market development payment  
21 to both a certified entity and a product manufacturer for the same  
22 empty plastic beverage container.

23 (d) This section shall remain in effect only until January 1, ~~2018,~~  
24 ~~2019~~, and as of that date is repealed, unless a later enacted statute,  
25 that is enacted before January 1, ~~2018, 2019~~, deletes or extends  
26 that date.

27 *SEC. 5. Section 14571.6 of the Public Resources Code is*  
28 *amended to read:*

29 14571.6. ~~In~~(a) *Except as provided in subdivision (b), in any*  
30 *convenience zone where no recycling location has been established*  
31 ~~which~~ *that* ~~satisfies~~ *satisfies* the requirements of Section 14571, and in any  
32 convenience zone ~~which~~ *that* ~~has exceeded~~ *has exceeded* the 60-day period for  
33 the establishment of a recycling center pursuant to Section 14571.7,  
34 all dealers within that zone shall, until a recycling location has  
35 been established in that zone, do one of the following:

36 (a)

37 (1) Submit to the department an affidavit form provided by the  
38 department stating that all of the following standards are being  
39 met by the dealer:

40 (1)

1 (A) The dealer redeems ~~all up to 24 empty beverage container~~  
2 ~~containers per consumer per day of all types at all open cash~~  
3 ~~registers or a minimum of one designated location on the dealer's~~  
4 premises, during all hours that the dealer is open for business.

5 ~~(2)~~  
6 (B) The dealer has posted signs ~~which that~~ meet the size and  
7 location requirements specified in subdivision (b) of Section 14570,  
8 and ~~which that~~ conform to paragraph (2) of that subdivision.

9 ~~(3)~~  
10 (C) The dealer is delivering, or having delivered, all empty  
11 beverage containers received from the public to a certified recycling  
12 center or processor for recycling.

13 ~~(b)~~  
14 (2) Pay to the department for deposit in the fund the sum of one  
15 hundred dollars (\$100) per day until a recycling location is  
16 established or until the standards for redemption specified in  
17 ~~subdivision (a) paragraph (1)~~ are met.

18 (b) *This section shall apply only to a dealer with gross annual*  
19 *sales of two million dollars (\$2,000,000) or more.*

20 SEC. 6. *Section 14575.2 is added to the Public Resources Code,*  
21 *to read:*

22 *14575.2. (a) Notwithstanding Section 14575, for purposes of*  
23 *calculating processing payments on and after July 1, 2017, the*  
24 *department shall use the actual costs of recycling that were in*  
25 *effect on December 30, 2015. Consistent with Section 14575, the*  
26 *department shall adjust the recycling costs on July 1, 2017, and*  
27 *at least once annually thereafter to reflect changes in the cost of*  
28 *living from December 30, 2015, as measured by the Bureau of*  
29 *Labor Statistics of the United States Department of Labor or a*  
30 *successor agency of the United States government.*

31 (b) *Notwithstanding subdivisions (d) and (e) of Section 14575,*  
32 *on and after July 1, 2017, the department shall not impose a*  
33 *processing fee on a beverage manufacturer that is higher than the*  
34 *processing fee that would be imposed without this section.*

35 (c) (1) *Notwithstanding subdivision (c) of Section 14575, the*  
36 *department shall suspend any surveys and calculations of recycling*  
37 *costs until at least January 1, 2019.*

38 (2) *The department may redirect any contract funds already*  
39 *approved for cost surveys and calculations as of the effective date*  
40 *of this section into an updated contract to utilize data collected*

1 *for the 2015 processing payment to provide the department with*  
2 *an assessment of variations in the average cost of recycling based*  
3 *on, at a minimum, each of the following:*

4 *(A) Recycling location monthly average volume.*

5 *(B) Recycling location geographic area.*

6 *(C) Recycling location distance to end-use market.*

7 *(3) The department may utilize any contract funds available as*  
8 *of the effective date of this section for the analysis and development*  
9 *of recommendations to the Legislature of amendments to*  
10 *subdivisions (b) and (c) of Section 14575 to satisfy the legislative*  
11 *intent expressed in subdivision (f) of Section 14501 to create and*  
12 *maintain a marketplace where it is profitable to establish sufficient*  
13 *recycling centers and locations to provide consumers with*  
14 *convenient recycling opportunities through the establishment of*  
15 *minimum refund values and processing fees and, through the*  
16 *proper application of these elements, to enhance the profitability*  
17 *of recycling centers, recycling locations, and other beverage*  
18 *container recycling programs.*

19 *(d) This section shall remain in effect only until January 1, 2020,*  
20 *and as of that date is repealed.*

21 *SEC. 7. Section 14581 of the Public Resources Code is*  
22 *amended to read:*

23 14581. (a) Subject to the availability of funds and in  
24 accordance with subdivision (b), the department shall expend the  
25 moneys set aside in the fund, pursuant to subdivision (c) of Section  
26 14580, for the purposes of this section in the following manner:

27 (1) For each fiscal year, the department may expend the amount  
28 necessary to make the required handling fee payment pursuant to  
29 Section 14585.

30 (2) Fifteen million dollars (\$15,000,000) shall be expended  
31 annually for payments for curbside programs and neighborhood  
32 dropoff programs pursuant to Section 14549.6.

33 (3) (A) Ten million five hundred thousand dollars (\$10,500,000)  
34 may be expended annually for payments of five thousand dollars  
35 (\$5,000) to cities and ten thousand dollars (\$10,000) for payments  
36 to counties for beverage container recycling and litter cleanup  
37 activities, or the department may calculate the payments to counties  
38 and cities on a per capita basis, and may pay whichever amount  
39 is greater, for those activities.

1 (B) Eligible activities for the use of these funds may include,  
2 but are not necessarily limited to, support for new or existing  
3 curbside-recycling programs, neighborhood dropoff-recycling  
4 programs, public education promoting beverage container  
5 recycling, litter prevention, and cleanup, cooperative regional  
6 efforts among two or more cities or counties, or both, or other  
7 beverage container recycling programs.

8 (C) These funds shall not be used for activities unrelated to  
9 beverage container recycling or litter reduction.

10 (D) To receive these funds, a city, county, or city and county  
11 shall fill out and return a funding request form to the department.  
12 The form shall specify the beverage container recycling or litter  
13 reduction activities for which the funds will be used.

14 (E) The department shall annually prepare and distribute a  
15 funding request form to each city, county, or city and county. The  
16 form shall specify the amount of beverage container recycling and  
17 litter cleanup funds for which the jurisdiction is eligible. The form  
18 shall not exceed one double-sided page in length, and may be  
19 submitted electronically. If a city, county, or city and county does  
20 not return the funding request form within 90 days of receipt of  
21 the form from the department, the city, county, or city and county  
22 is not eligible to receive the funds for that funding cycle.

23 (F) For the purposes of this paragraph, per capita population  
24 shall be based on the population of the incorporated area of a city  
25 or city and county and the unincorporated area of a county. The  
26 department may withhold payment to any city, county, or city and  
27 county that has prohibited the siting of a supermarket site, caused  
28 a supermarket site to close its business, or adopted a land use policy  
29 that restricts or prohibits the siting of a supermarket site within its  
30 jurisdiction.

31 (4) One million five hundred thousand dollars (\$1,500,000) may  
32 be expended annually in the form of grants for beverage container  
33 recycling and litter reduction programs.

34 (5) (A) The department shall expend the amount necessary to  
35 pay the processing payment established pursuant to Section 14575.  
36 The department shall establish separate processing fee accounts  
37 in the fund for each beverage container material type for which a  
38 processing payment and processing fee are calculated pursuant to  
39 Section 14575, or for which a processing payment is calculated  
40 pursuant to Section 14575 and a voluntary artificial scrap value is

1 calculated pursuant to Section 14575.1, into which account shall  
2 be deposited both of the following:

3 (i) All amounts paid as processing fees for each beverage  
4 container material type pursuant to Section 14575.

5 (ii) Funds equal to the difference between the amount in clause  
6 (i) and the amount of the processing payments established in  
7 subdivision (b) of Section 14575, and adjusted pursuant to  
8 paragraph (2) of subdivision (c) of, and subdivision (f) of, Section  
9 14575, to reduce the processing fee to the level provided in  
10 subdivision (e) of Section 14575, or to reflect the agreement by a  
11 willing purchaser to pay a voluntary artificial scrap value pursuant  
12 to Section 14575.1.

13 (B) Notwithstanding Section 13340 of the Government Code,  
14 the moneys in each processing fee account are hereby continuously  
15 appropriated to the department for expenditure without regard to  
16 fiscal years, for purposes of making processing payments pursuant  
17 to Section 14575.

18 (6) Up to five million dollars (\$5,000,000) may be annually  
19 expended by the department for the purposes of undertaking a  
20 statewide public education and information campaign aimed at  
21 promoting increased recycling of beverage containers.

22 (7) Up to ten million dollars (\$10,000,000) may be expended  
23 annually by the department for quality incentive payments for  
24 empty glass beverage containers pursuant to Section 14549.1.

25 (8) (A) Up to ten million dollars (\$10,000,000) may be  
26 expended annually by the department for market development  
27 payments for empty plastic beverage containers pursuant to Section  
28 14549.2, until January 1, ~~2018~~. 2019.

29 (B) In addition to the amount specified in subparagraph (A),  
30 the department may expend the amount calculated pursuant to  
31 subparagraph (C) for market development payments for empty  
32 plastic beverage containers pursuant to Section 14549.2.

33 (C) The department shall calculate the amount authorized for  
34 expenditure pursuant to subparagraph (B) in the following manner:

35 (i) The department shall annually determine, on or before  
36 January 1, whether the amount of funds estimated to be necessary  
37 pursuant to clause (ii) of subparagraph (A) of paragraph (5) for  
38 deposit to a processing fee account established by the department  
39 for plastic beverage containers to make processing payments for  
40 plastic beverage containers for the current calendar year is less

- 1 than the total amount of funds that were estimated to be necessary  
2 the previous calendar year pursuant to clause (ii) of subparagraph  
3 (A) of paragraph (5) for deposit to that processing fee account.
- 4 (ii) If the amount estimated to be necessary for the current  
5 calendar year, as specified in clause (i), is less than the amount  
6 estimated to be necessary for the previous calendar year, the  
7 department shall calculate the amount of that difference.
- 8 (iii) The department shall expend an amount that is not greater  
9 than 50 percent of the amount calculated pursuant to clause (ii)  
10 for purposes of subparagraph (B).
- 11 (iv) If the department determines that the amount of funds  
12 authorized for expenditure pursuant to this subparagraph is not  
13 needed to make plastic market development payments pursuant to  
14 subparagraph (B) in the calendar year for which that amount is  
15 allocated, the department may expend those funds during the  
16 following year.
- 17 (v) If the department determines that there are insufficient funds  
18 to both make the market development payments pursuant to  
19 subparagraph (B) and to deposit the amount required by clause (ii)  
20 of subparagraph (A) of paragraph (5), for purposes of making the  
21 processing payments and reducing the processing fees pursuant to  
22 Section 14575 for plastic beverage containers, the department shall  
23 suspend the implementation of this subparagraph and subparagraph  
24 (B).
- 25 (D) Subparagraphs (B) and (C) shall remain operative only until  
26 January 1, 2018.
- 27 (b) (1) If the department determines, pursuant to a review made  
28 pursuant to Section 14556, that there may be inadequate funds to  
29 pay the payments required by this division, the department shall  
30 immediately notify the appropriate policy and fiscal committees  
31 of the Legislature regarding the inadequacy.
- 32 (2) On or before 180 days, but not less than 80 days, after the  
33 notice is sent pursuant to paragraph (1), the department may reduce  
34 or eliminate expenditures, or both, from the funds as necessary,  
35 according to the procedure set forth in subdivision (c).
- 36 (c) If the department determines that there are insufficient funds  
37 to make the payments specified pursuant to this section and Section  
38 14575, the department shall reduce all payments proportionally.
- 39 (d) Before making an expenditure pursuant to paragraph (6) of  
40 subdivision (a), the department shall convene an advisory

1 committee consisting of representatives of the beverage industry,  
2 beverage container manufacturers, environmental organizations,  
3 the recycling industry, nonprofit organizations, and retailers to  
4 advise the department on the most cost-effective and efficient  
5 method of the expenditure of the funds for that education and  
6 information campaign.

7 (e) Subject to the availability of funds, the department shall  
8 retroactively pay in full any payments provided in this section that  
9 have been proportionally reduced during the period of January 1,  
10 2010, through June 30, 2010.

11 *SEC. 8. Section 14585 of the Public Resources Code is*  
12 *amended to read:*

13 14585. (a) The department shall adopt guidelines and methods  
14 for paying handling fees to supermarket sites, nonprofit  
15 convenience zone recyclers, or rural region recyclers to provide  
16 an incentive for the redemption of empty beverage containers in  
17 convenience zones. The guidelines shall include, but not be limited  
18 to, all of the following:

19 (1) Handling fees shall be paid on a monthly basis, in the form  
20 and manner adopted by the department. The department shall  
21 require that claims for the handling fee be filed with the department  
22 not later than the first day of the second month following the month  
23 for which the handling fee is claimed as a condition of receiving  
24 any handling fee.

25 (2) The department shall determine the number of eligible  
26 containers per site for which a handling fee will be paid in the  
27 following manner:

28 (A) Each eligible site's combined monthly volume of glass and  
29 plastic beverage containers shall be divided by the site's total  
30 monthly volume of all empty beverage container types.

31 (B) If the quotient determined pursuant to subparagraph (A) is  
32 equal to, or more than, 10 percent, the total monthly volume of  
33 the site shall be the maximum volume which is eligible for a  
34 handling fee for that month.

35 (C) If the quotient determined pursuant to subparagraph (A) is  
36 less than 10 percent, the department shall divide the volume of  
37 glass and plastic beverage containers by 10 percent. That quotient  
38 shall be the maximum volume that is eligible for a handling fee  
39 for that month.

1 ~~(3) (A) On and after the effective date of the act amending this~~  
2 ~~section during the 2011-12 Regular Session, and until March 1,~~  
3 ~~2013, the department shall pay a handling fee per eligible container~~  
4 ~~in the amount determined pursuant to subdivisions (f) and (g).~~

5 ~~(B) On and after July 1, 2014, the~~

6 (3) The department shall pay a handling fee per eligible container  
7 in the amount determined pursuant to subdivision (f).

8 (4) If the eligible volume in any given month would result in  
9 handling fee payments that exceed the allocation of funds for that  
10 month, as provided in subdivision (b), sites with higher eligible  
11 monthly volumes shall receive handling fees for their entire eligible  
12 monthly volume before sites with lower eligible monthly volumes  
13 receive any handling fees.

14 (5) (A) If a dealer where a supermarket site, nonprofit  
15 convenience zone recycler, or rural region recycler is located ceases  
16 operation for remodeling or for a change of ownership, the operator  
17 of that supermarket site, nonprofit convenience zone recycler,  
18 or rural region recycler shall be eligible to apply for handling fees  
19 for that site for a period of three months following the date of the  
20 closure of the dealer.

21 (B) Every supermarket site operator, nonprofit convenience  
22 zone recycler, or rural region recycler shall promptly notify the  
23 department of the closure of the dealer where the supermarket site,  
24 nonprofit convenience zone recycler, or rural region recycler is  
25 located.

26 (C) Notwithstanding subparagraph (A), any operator who fails  
27 to provide notification to the department pursuant to subparagraph  
28 (B) shall not be eligible to apply for handling fees.

29 (b) The department may allocate the amount authorized for  
30 expenditure for the payment of handling fees pursuant to paragraph  
31 (1) of subdivision (a) of Section 14581 on a monthly basis and  
32 may carry over any unexpended monthly allocation to a subsequent  
33 month or months. However, unexpended monthly allocations shall  
34 not be carried over to a subsequent fiscal year for the purpose of  
35 paying handling fees but may be carried over for any other purpose  
36 pursuant to Section 14581.

37 (c) (1) The department shall not make handling fee payments  
38 to more than one certified recycling center in a convenience zone.  
39 If a dealer is located in more than one convenience zone, the  
40 department shall offer a single handling fee payment to a

1 supermarket site located at that dealer. This handling fee payment  
2 shall not be split between the affected zones. The department shall  
3 stop making handling fee payments if another recycling center  
4 certifies to operate within the convenience zone without receiving  
5 payments pursuant to this section, if the department monitors the  
6 performance of the other recycling center for 60 days and  
7 determines that the recycling center is in compliance with this  
8 division. Any recycling center that locates in a convenience zone,  
9 thereby causing a preexisting recycling center to become ineligible  
10 to receive handling fee payments, is ineligible to receive any  
11 handling fee payments in that convenience zone.

12 (2) The department shall offer a single handling fee payment  
13 to a rural region recycler located anywhere inside a convenience  
14 zone, if that convenience zone is not served by another certified  
15 recycling center and the rural region recycler does either of the  
16 following:

17 (A) Operates a minimum of 30 hours per week in one  
18 convenience zone.

19 (B) Serves two or more convenience zones, and meets all of the  
20 following criteria:

21 (i) Is the only certified recycler within each convenience zone.

22 (ii) Is open and operating at least eight hours per week in each  
23 convenience zone and is certified at each location.

24 (iii) Operates at least 30 hours per week in total for all  
25 convenience zones served.

26 (3) *In a convenience zone that, as of July 1, 2017, has been*  
27 *continuously unserved by a certified recycling location for at least*  
28 *six months, the department shall offer a handling fee payment to*  
29 *a recycler certified on or after July 1, 2017, located within the*  
30 *convenience zone that operates a minimum of 30 hours per week*  
31 *at the same physical location within that convenience zone.*

32 (d) The department may require the operator of a supermarket  
33 ~~site site~~, or the operator of a rural region ~~recycler~~ recycler,  
34 receiving handling fees to maintain records for each location where  
35 beverage containers are redeemed, and may require the supermarket  
36 site or rural region recycler to take any other action necessary for  
37 the department to determine that the supermarket site or rural  
38 region recycler does not receive an excessive handling fee.

1 (e) The department may determine and utilize a standard  
2 container per pound rate, for each material type, for the purpose  
3 of calculating volumes and making handling fee payments.

4 (f) (1) On or before January 1, 2008, and every two years  
5 thereafter, the department shall conduct a survey pursuant to this  
6 subdivision of a statistically significant sample of certified  
7 recycling centers that receive handling fee payments to determine  
8 the actual cost incurred for the redemption of empty beverage  
9 containers by those certified recycling centers. The department  
10 shall conduct these cost surveys in conjunction with the cost  
11 surveys performed by the department pursuant to subdivision (b)  
12 of Section 14575 to determine processing payments and processing  
13 fees. The department shall include, in determining the actual costs,  
14 only those allowable costs contained in the regulations adopted  
15 pursuant to this division that are used by the department to conduct  
16 cost surveys pursuant to subdivision (b) of Section 14575.

17 (2) Using the information obtained pursuant to paragraph (1),  
18 the department shall then determine the statewide weighted average  
19 cost incurred for the redemption of empty beverage containers,  
20 per empty beverage container, at recycling centers that receive  
21 handling fees.

22 ~~(3) Except as provided in subdivision (g), the~~ The department  
23 shall determine the amount of the handling fee to be paid for each  
24 empty beverage container by subtracting the amount of the  
25 statewide weighted average cost per container to redeem empty  
26 beverage containers by recycling centers that do not receive  
27 handling fees from the amount of the statewide weighted average  
28 cost per container determined pursuant to paragraph (2).

29 (4) The department shall adjust the statewide average cost  
30 determined pursuant to paragraph (2) for each beverage container  
31 annually to reflect changes in the cost of living, as measured by  
32 the Bureau of Labor Statistics of the United States Department of  
33 Labor or a successor agency of the United States government.

34 (5) The cost information collected pursuant to this section at  
35 recycling centers that receive handling fees shall not be used in  
36 the calculation of the processing payments determined pursuant  
37 to Section 14575.

38 (6) *Notwithstanding paragraphs (2) and (3), for the period of*  
39 *July 1, 2017, to July 1, 2020, inclusive, the handling fee shall be*  
40 *set at the rate in effect on July 1, 2015.*

1 ~~(g) (1) On and after the effective date of the act amending this~~  
2 ~~section during the 2011–12 Regular Session, and until March 1,~~  
3 ~~2013, the per-container handling fee shall not be less than the~~  
4 ~~amount of the per-container handling fee that was in effect on July~~  
5 ~~1, 2011.~~

6 ~~(2)~~

7 (g) The department may update the methodology and scrap  
8 values used for calculating the handling fee from the most recent  
9 cost survey if it finds that the handling fee resulting from the most  
10 recent cost survey does not accurately represent the actual cost  
11 incurred for the redemption of empty beverage containers by those  
12 certified recycling centers.

13 (h) (1) *The department may expend up to three million dollars*  
14 *(\$3,000,000) annually from the fund for supplemental handling*  
15 *fee payments to low-volume recycling centers and recyclers willing*  
16 *to open a recycling center in a convenience zone that has recently*  
17 *become unserved. The department shall allocate the amount*  
18 *authorized for these supplemental handling fee payments into 12*  
19 *equal monthly allotments.*

20 (2) *Supplemental handling fee payments shall be distributed*  
21 *once per month in equal amounts to recycling centers that are*  
22 *eligible for handling fees pursuant to subdivision (a), subject to*  
23 *all of the following requirements:*

24 (A) *A recycling center receiving a handling fee pursuant to this*  
25 *subdivision shall have no more than 600,000 beverage containers*  
26 *eligible for handling fees per month.*

27 (B) *Priority shall be given to recycling centers with the lowest*  
28 *volumes of beverage containers that are located in rural regions.*

29 (C) (i) *Payments shall be distributed first to no more than 100*  
30 *recycling centers with the lowest volumes of beverage containers*  
31 *that are located in rural regions, in order of lowest volume.*

32 (ii) *After payments are distributed pursuant to clause (i),*  
33 *payments shall be distributed to other recycling centers with the*  
34 *lowest volumes of beverage containers, in order of lowest volume.*

35 (3) *No more than 400 recycling centers shall receive*  
36 *supplemental handling fee payments pursuant to this subdivision.*

37 (4) *The department may make the supplemental handling fee*  
38 *payments authorized pursuant to this subdivision by augmenting*  
39 *handling fee payments received by recyclers pursuant to*  
40 *subdivision (f).*

1 (5) *This subdivision shall become inoperative on July 1, 2020,*  
2 *and, as of January 1, 2021, is repealed.*

3 (i) *Notwithstanding the amendment to Section 14509.4 in the*  
4 *2017–18 Regular Session, a recycling center that received a*  
5 *handling fee for the June 2017 reporting period shall continue to*  
6 *be eligible to receive handling fee payments after the effective date*  
7 *of the act that added this subdivision if it meets all other applicable*  
8 *requirements.*

9 SEC. 9. *This act is a bill providing for appropriations related*  
10 *to the Budget Bill within the meaning of subdivision (e) of Section*  
11 *12 of Article IV of the California Constitution, has been identified*  
12 *as related to the budget in the Budget Bill, and shall take effect*  
13 *immediately.*

14 ~~SECTION 1. It is the intent of the Legislature to enact statutory~~  
15 ~~changes relating to the Budget Act of 2017.~~

O

RURAL COUNTY REPRESENTATIVES  
OF CALIFORNIA

June 16, 2017

The Honorable Bob Wieckowski  
Chair, Senate Environmental Quality Committee  
State Capitol, Room 4085  
Sacramento, CA 95814

**RE: Assembly Bill 509 (Frazier) - SUPPORT**

Dear Senator Wieckowski:

On behalf of the Rural County Representatives of California (RCRC), I offer our support for Assembly Bill 509, authored by Assembly Member Jim Frazier, which addresses the issue of increasing used tire recycling efforts. RCRC is an association of thirty-five rural California counties, and the RCRC Board of Directors is comprised of elected supervisors from those member counties.

Twenty-three member counties have formed the Rural Counties' Environmental Services Joint Powers Authority (ESJPA) to provide assistance to solid waste managers in rural counties. These solid waste managers have been charged with ensuring that their respective counties meet state-imposed requirements in order to reduce waste being disposed and increase recycling/re-use efforts for certain products.

Despite the significant funding and human resources expended by the California Department of Resources Recycling and Recovery (CalRecycle) over the previous two decades, California's recycling rate for used tires is low and has remained stagnant for several years. Unfortunately, our state continues to either place used tires in landfills, burn used tires, or export used tires in the amount of approximately 26 million out of the 42 million tires generated in the State each year. Most significant to rural areas is that illegally dumped tires continue to pose significant costs to local agencies.

Used tires have considerably high value as a recyclable commodity. Rubberized paving has proven to be the largest market for recycled tires, and local government paving programs have the potential to use significantly more recycled tires in lieu of traditional asphalt. This not only recycles the tires, but also produces roads that are quieter, function better under wet conditions, and last longer.

The Honorable Bob Wieckowski  
Assembly Bill 509  
June 16, 2017  
Page 2

AB 509 puts in place a mechanism to increase the recycling of tires by replicating the incentive payment model that has proven to be successful for other recycled materials. AB 509 will direct CalRecycle to develop an incentive payment program that pays directly for recycling, which in turn will allow recyclers to outcompete other end-of-life alternatives. Furthermore, by redirecting CalRecycle's existing market development efforts from a series of competitive grant programs to a guaranteed incentive payment program, this bill allows both local governments and recycled content manufacturers to plan and budget for sustained use of recycled tire products.

For the above reasons, RCRC respectfully requests your 'Aye' vote when this measure is heard before your Committee.

Sincerely,

A handwritten signature in black ink that reads "Mary Pitto". The signature is written in a cursive style with a large, looped initial "M".

June 20, 2017

The Honorable David Chiu  
Member, California State Assembly  
State Capitol, Room 4112  
Sacramento, CA 95814

**RE: Assembly Bill 954 - SUPPORT**

Dear Assembly Member Chiu:

On behalf of the Rural County Representatives of California (RCRC), I offer our support for your Assembly Bill 954, relating to standardized guidelines for food date labels. RCRC is an association of thirty-five rural California counties, and the RCRC Board of Directors is comprised of elected supervisors from those member counties.

Twenty-three member counties have formed the Rural Counties' Environmental Services Joint Powers Authority (ESJPA) to provide assistance to solid waste managers in rural counties. These solid waste managers have been charged with ensuring that their respective counties meet state-imposed requirements in order to reduce waste being disposed and increase recycling/re-use efforts for certain products.

Currently, misinterpretation of food date labels is a key factor leading to food waste in American households. A vast majority of consumers discard food prematurely as a result of food date labels misinterpretation. This is mainly due to the lack of standardization around food date labels.

AB 954 would authorize the California Department of Food and Agriculture and the Department of Public Health to voluntarily create uniform language for food date labels to communicate quality and safety to consumers. Standardizing the language on date labels with uniform phrases and definitions is the foundation for educating consumers on the meaning of labels, which would lead to reduced food waste. AB 954 would reduce food waste and help consumers make informed decisions when making food purchases.

For these reasons, RCRC supports AB 954. If you should have any questions or concerns, please do not hesitate to contact me at (916) 447-4806.

1215 K Street, Suite 1650, Sacramento, CA 95814 | [www.rcrcnet.org](http://www.rcrcnet.org) | 916.447.4806 | Fax: 916.448.3154

RURAL COUNTY REPRESENTATIVES  
OF CALIFORNIA

July 25, 2017

The Honorable Ricardo Lara  
Chair, Senate Appropriations Committee  
State Capitol, Room 5050  
Sacramento, CA 95814

**RE: Assembly Bill 1219 (Eggman) - SUPPORT**

Dear Senator Lara:

On behalf of the Rural County Representatives of California (RCRC), I offer our support for Assembly Bill 1219, authored by Assembly Member Susan Eggman, which would create the California Good Samaritan Food Donation Act (Act) to clarify and expand existing protections for food donors. RCRC is an association of thirty-five rural California counties and the RCRC Board of Directors is comprised of elected supervisors from those member counties.

Twenty-three member counties have formed the Rural Counties' Environmental Services Joint Powers Authority (ESJPA) to provide assistance to solid waste managers in rural counties. These solid waste managers have been charged with ensuring that their respective counties meet state-imposed requirements in order to reduce waste being disposed and increase recycling/re-use efforts for certain products.

In 1996, Congress enacted the Bill Emerson Good Samaritan Act which protected good faith food donors from civil and criminal liability. Despite these protections, much of the surplus food is discarded due to fear of liability by businesses. Currently, many businesses are either unaware of food donor protection laws or they are unclear about some provisions of the laws.

AB 1219 would explicitly state what kinds of food donations are protected under the Act. As such, many potential donors can feel reassured that they are protected. AB 1219 allow surplus food from donors to go to those in need rather than into landfills.

For the above reasons, RCRC respectfully requests your 'Aye' vote when this measure is heard before your Committee.

Sincerely,

MARY PITTO  
Regulatory Affairs Advocate

RURAL COUNTY REPRESENTATIVES  
OF CALIFORNIA

June 14, 2017

The Honorable Cecilia Aguiar-Curry  
Member, California State Assembly  
State Capitol, Room 5144  
Sacramento, CA 95814

**RE: Assembly Bill 1572 - SUPPORT**

Dear Assembly Member Aguiar-Curry:

On behalf of the Rural County Representatives of California (RCRC), I offer our support for your Assembly Bill 1572, which would extend the sunset on previous legislation that established a streamlined mechanism for reporting under California's Integrated Waste Management Act until January 1, 2022. RCRC is an association of thirty-five rural California counties, and the RCRC Board of Directors is comprised of elected supervisors from those member counties.

Twenty-three member counties have formed the Rural Counties' Environmental Services Joint Powers Authority (ESJPA) to provide assistance to solid waste managers in rural counties. These solid waste managers have been charged with ensuring that their respective counties meet state-imposed requirements in order to reduce waste being disposed and increase recycling/re-use efforts for certain products.

Senate Bill 1016 (Wiggins, 2008) revised the measurement system used by the California Department of Resources Recycling and Recovery to determine jurisdictions' compliance with the State's 50 percent diversion requirement. This shift helped create a more accurate measurement system based on actual per capita disposal and not estimated "diversion." It also revised the two-year review schedule to only require review of jurisdictions that are meeting the State's recycling goals to every four years, until 2018. SB 1572 extends the sunset provisions from January 1, 2018 to January 1, 2022.

AB 1572 would continue to reduce the frequency and complexity of local government reporting, thereby allowing local governments to focus their resources on program implementation. By extending the sunset to January 1, 2022, AB 1572 would also allow stakeholders time to discuss recycling and climate policies that are driving waste management decisions at the state and local level.

For these reasons, RCRC supports AB 1572. If you should have any questions or concerns, please do not hesitate to contact me at (916) 447-4806.

Sincerely,

MARY PITTO  
Regulatory Affairs Advocate

RURAL COUNTY REPRESENTATIVES  
OF CALIFORNIA

June 29, 2017

The Honorable Scott Wiener  
Member, California State Assembly  
State Capitol, Room 4066  
Sacramento, CA 95814

**RE: Senate Bill 458 – SUPPORT  
As Amended June 22, 2017**

Dear Senator Wiener:

On behalf of the Rural County Representatives of California (RCRC), we offer our support for Senate Bill 458, which would permit the Department of Resources Recycling and Recovery (CalRecycle) to establish several mobile recycling pilot projects.

RCRC is an association of thirty-five rural California counties, and the RCRC Board of Directors is comprised of elected supervisors from those member counties. In addition, twenty-three member counties have formed the Rural Counties' Environmental Services Joint Powers Authority (ESJPA) to provide assistance to solid waste managers in rural counties.

As you know, with the recent closure of over one-fifth of the certified recycling centers, "convenient" beverage container redemption opportunities for many Californians does not exist, especially in rural areas. Since these closures, not only do many residents do not have the opportunity to redeem their refunds, but the beverage container recycling rates have decreased. While stakeholders have been working to reform the California Beverage Container Recycling and Litter Reduction Act, we question whether a long-term sustainable fix will be enacted this legislative year. We are hopeful for a legislative short-term fix to encourage the re-siting of many of the closed facilities this year. SB 458 offers a trial alternative mechanism to relieve the unserved zones and provide additional redemption opportunities through mobile recycling programs.

SB 458 would, until July 1, 2020, direct CalRecycle to authorize up to five limited-term mobile recycling pilot projects that are designed to improve redemption opportunities in unserved convenience zones. CalRecycle would decide which

1215 K Street, Suite 1650, Sacramento, CA 95814 | [www.rcrcnet.org](http://www.rcrcnet.org) | 916.447.4806 | Fax: 916.448.3154

The Honorable Scott Wiener  
Senate Bill 458  
June 29, 2017  
Page 2

jurisdictions would receive pilot program authorization through an application process weighing factors such as the number of convenience zones served, effects on existing recycling operations, and other relevant criteria. In light of recent and widespread recycling center closures, RCRC believes it is imperative to enlarge the accessibility of recycling centers to unserved zones.

If you should have any questions or concerns, please do not hesitate to contact me at (916) 447-4806.

Sincerely,

A handwritten signature in black ink that reads "Mary Pitto". The signature is written in a cursive style with a large, looped "P" for the last name.
