

Environmental Services Joint Powers Authority (ESJPA) Affiliate Entity Program

Shape the Future of California's Sustainable Waste Management

About ESJPA

Established in 1993, the Environmental Services Joint Powers Authority (ESJPA) provides a collective voice for rural solid waste management in California. Through collaboration and effective lobbying, ESJPA has helped shape equitable policies benefiting rural communities.

ESJPA is launching our Affiliate Entity Program to help more jurisdictions navigate complex regulations and advocate with a larger collective voice on rural waste management issues.

Our Affiliate Entity Program

The Affiliate Entity Program offers key benefits to support jurisdictions in navigating solid waste regulations.

Affiliates receive:

- **Advocacy Updates:** Stay updated on key legislation, regulations, and impactful bills.
- **Resource Library:** Access exclusive tools and documents
- **Networking & Collaboration:** Connect with ESJPA members and affiliates to share knowledge and best practices.
- **Training Opportunities:** Participate in expert-led programs on key solid waste issues.
- **Grant Assistance:** Receive guidance in identifying and applying for solid waste and recycling grants.

BE PART OF THE SOLUTION

Partner with ESJPA to help navigate California's complex regulatory and legislative landscape and drive meaningful change.
